

## Grade 1 Class Dojo

7<sup>th</sup> February 2018

Dear Parents,

The Grade One Team would like to welcome you to Class Dojo.

Class Dojo is an online platform we have chosen to use this year. It allows parents to stay updated with what's happening in the classroom, as well as an additional form of communication between teachers and parents. Teachers will also be using this as a form of classroom management, whereby students are rewarded/deducted points for the choices they make. Below are guidelines to follow and keep in mind when using Class Dojo:

- Unfortunately we are unable to use Class Dojo to communicate absences.
  - This to be done through the **SkoolBag** app or in writing.
- Unfortunately we are unable to use Class Dojo to notify your child's teacher of a change to pick up/drop off arrangements.
  - This needs to be communicated directly to your **child's teacher** or the **office**.
- The message function of this app should be used for simple conversations i.e. organising meeting times and straight forward questions. As with all forms of communication, we would appreciate the content of all messages remains appropriate. If it is something more urgent or complicated please make a time with your classroom teacher to meet in person.
- We encourage you to celebrate points awarded to your child, and in turn, discuss with your child if any points have been deducted.

Teachers will try their best to respond to Class Dojo messages during school hours (8:45 am - 3:45 pm), however please keep in mind that we are unable to monitor Class Dojo throughout the school day.

We look forward to sharing our classrooms and learning with you all.

Trish Enzinger  
Principal

Alyce Elmore, Fiona Pumpa, Bec Yates, Erin O'Mara and Steve Williams
