

The Fathering Project – Be a part of the launch on Wednesday 16th May 2018

At Birmingham Primary School we realise the importance of the role of fathers and father figures. Both dads and kids benefit when dads feel supported and informed, enabling them to be the best fathers that they can be.

Come along to be part of this fabulous social network facilitated by the Fathering Projects Schools Manager, Colin West. The purpose of this initial 30 minute session is to celebrate Birmingham PS's fathers and father figures and to decide on what activities and events we would like to conduct in the future.

The first meeting will be held on **Wednesday 16th May at 6:00pm in the Library**. No booking is required.
